

MPPS SERIES

ALL IN ONE ROOF-TOP WIND & SOLAR HYBRID ENERGY SYSTEM

- ▶ Multi Portability with Wind, Solar, Grid, Genset, LifePo4 Battery,
- ▶ Inbuilt MPPT and LifePo4 Battery Inverter Technology
- ▶ Power generation starting at 2 m/s wind speed & Cut-out wind speed – 18.5 m/s.
- ▶ Able to withstand temperature ranges from -30°C to 50°C.
- ▶ Online tool for power generation monitoring.
- ▶ Environment-friendly, silent operation.
- ▶ Easy assembly and Less maintenance.

Reliable Design | More Power Generation | Less Space

Warranty : Solar PV Panels 5 Years | Batteries 3 Years | Windmills 2 Years | Inverter 2 Years
